

Durham Region Aquarium Society

Membership Form

The **Durham Region Aquarium Society (DRAS)** was established in September of 1966. During 1967, we held our first annual show and created a monthly bulletin. Our Society's aim is "the advancement and improvement of the aquarium hobbyist". We are also a chartered member of the Canadian Association of Aquarium Clubs (CAOAC).

We encourage all aquarists to come and enjoy one of our meetings as a guest. All ages welcome! Our club is full of friendly and very knowledgeable members who are happy to answer any questions you may have about the hobby.

Our meetings offer an opportunity to talk to fellow hobbyists, share experiences, tips and tricks or get advice to solve a problem. We have guest speakers, slide presentations and demonstrations. Each meeting also features a jar show and a mini auction where you can buy or sell hobby related items. Whether you have one tank or a large fish room, DRAS has something to offer everyone!

Membership includes monthly meetings, a copy of our monthly newsletter *Tank Talk*, voting privileges, use of the club library, participation in our Annual Fish Show and Auction, Breeders Award Program, Aquatic Horticultural Award Program, and other interesting events during the year. You have the opportunity to attend annual fish shows and auctions hosted by other clubs/societies around southern Ontario and the northern US. Our club can also assist you in obtaining rare and/or exotic fish or aquatic plants that are not usually found in pet stores.

Meetings are usually held on the second Tuesday of each month (except July and August) and begin at 7:30pm.

Visitors are always welcome. For further information, check out our website or contact our membership chairman Joanne Harder direct at 905-404-8617.
